# SEPTEMBER VITALS

## Message from the CEO:

September is here and the vital improvements in, to and around MHCC continue to progress steadily.

Construction, finances, foundation and the search for a CFO have kept the vital administration busy during the past few months.

The construction project is on budget and on time, in fact we are a little ahead of schedule. The vital maintenance team and the construction workers in the building are doing a good job.

Finances are improving and we are continuing to make vital financial decisions to continue the improvements we had in 2010-11. The reinstatement of the vital MHCC Foundation also should help improve our financial status.

Karran Bedwell has been

working hard to get the foundation up and running to support vital capital purchases in the hospital. The foundation has 10 members and should select five vital members to the foundation board this month. The response from the vital community has been positive and we are looking forward to having the foundation's support.

If you didn't know, Rick White is leaving us soon. Rick's departure has made it vitally necessary to begin a search for a new CFO. We want to find the right person to join our team and are hopeful we will do that.

Thank you to the MHCC Team for all you do daily.

Sincerely,

Dan Jessop, CEO

**Scene it at MHCC:** Surprise, Ms. Bustos.

Vital Teri Bustos is heading for the cafeteria on Thursday at Noon. We think she was headed for lunch.

We also bet she'll take the stairs next time.
